AEGEAN LIMESTONE

Aegean Limestone is a white coloured natural stone, with very thin grain and uniform background. Sourced in Turkey, different fireplace models allow us take advantage of the natural shading present in this beautifully consistent and uniform limestone.

Popular with architects and interior designers; this best-selling marble material remains a hugely popular choice in Irish homes.

TRAVERTINE LIMESTONE

Travertine is one of the most frequently used stones in modern architecture. Over millions of years, natural processes have compressed grains of sand and minerals to produce this beautiful stone material. This limestone is sourced in quarries in Turkey and Italy.

Each unique fireplace created from this beautifully textured natural material is bound to create an outstanding feature in any home.

ARISTON CARRARA

This beautiful material is a type of white or blue-grey marble of high quality, popular for use in sculpture and building decor. Ariston Carrara has its own distinctive texture and characteristics; each Ariston Carrara Fireplace is entirely unique to you and your home.

PORTUGUESE LIMESTONE

At Hôta, we like this versatile limestone for it's use on a diversity of applications; particularly because Hôta only use the finest grain material for our fireplaces. Often this material can feature a beautiful and unique parallel vein.

This highest grade limestone presents a light cream colour with slight greyish tonalities. It also shows dispersed brownish spots and some fossils. Overall, this is a very durable, uniform and versatile limestone, which can be used on almost all types of projects with no limitations.

BESPOKE FIREPLACES

We often get asked to make bespoke marble and stone fire surrounds. We make fireplaces for every type of home, from Classical Victorian Replacements to Modern Contemporary styles to complement the newest homes. Our bespoke fire surrounds are crafted by skilled stone masons and we continue to support the skills in this artisan industry.

THE BESPOKE COLLECTION

Perhaps you require one of our standard stock items in an unusual size, a match for an existing mantel, carved detailing or a particular colour of marble.

'CUSTOMISE your design'

HÔTA stonemasons and designers are happy to work from your photographs or original plans. HÔTA can produce a fireplace in any material, working from photographs, magazine cuttings, sketches or drawings.

Utilising our combined experience of almost 70 years we will faithfully produce any style of fireplace to your specifications. Material references will be provided and the project discussed with you in depth before our in-house craftsmen turn concept into reality.
