

BORU

STOVES

100% Hand Made in Tipperary, Ireland.

www.borustoves.com

Doras Fire Door

Suitable for use with a standard 16" or 18" Fireplace. Increases the output of a standard back boiler. Reduces fuel consumption so helps the environment. Stops draughts caused by the open fire.

Width 532mm
Height 621mm

Boru 500i

8.5kW output using natural convection. 81% Efficient A+ Energy Rating. Airwash and Co Burn Technology. Black Glass Options available. Cool touch handle. 3 and 4 sided trims available.

Width 500mm 6" Flue Diameter
Height 550mm
Depth 420mm

Croí Beag

Fits a standard 16" or 18" opening. 4.8kW Output using natural convection. 83.2% Efficient A+ Energy Rating. Airwash and Co Burn Technology.

Boru 600i

10kW output using natural convection. 78% Efficient A Energy Rating. Airwash and Co Burn Technology. Black Glass Options available. Double Sided Options available. 3 and 4 sided trims available.

Width 600mm 6" Flue Diameter
Height 550mm
Depth 420mm

Fiachra Inset

Fits a standard 16" or 18" opening. 7kW output using natural convection. 81% Efficient A+ Energy Rating. Airwash and Co Burn Technology. Cool touch handle. Wood burning and multi-fuel options available.

Width 400mm with coverage of 494mm
5" Flue Diameter
Height 557mm. Depth 331mm and 43mm (depth of frame)

Boru 900i

14kW output using forced convection via two fans. Requires power supply. Airwash and Co Burn Technology. Black Glass Options available. 3 and 4 sided trims available.

Width 900mm 8" Flue Diameter
Height 550mm
Depth 420mm

Boru 400E

Ecodesign ready. 5kW output using natural convection. 76.5% Efficient A Energy Rating. Airwash and Co Burn Technology. Outside air supply as standard. Cool touch handle. 3 and 4 sided trims available.

Width 400mm 5" Flue Diameter
Height 549mm
Depth 358mm

Boru 4kW

4kW output. Airwash for cleaner glass. 81% Efficient A+ Energy Rating. Wood burning and multi-fuel options.

Width 425mm 5" Flue Diameter
Height 502mm Height to centre of flue 398mm
Depth 333mm

Boru 400i

Fits a standard 16" or 18" opening. 7kW output using natural convection. 81% Efficient A+ Energy Rating. Airwash and Co Burn Technology. Cool touch handle. 3 and 4 sided trims available.

Width 400mm 5" Flue Diameter
Height 550mm
Depth 420mm

Fiachra Free Standing

6kW output. Airwash and Co Burn Technology. 78% Efficient. Wood Burning and multi-fuel options available. Log box and canopies available.

Width 414mm 5" Flue Diameter
Height 555mm Height to centre of flue 448mm
Depth 415mm

Fiachra Highline

6kW output. Airwash and Co Burn Technology. 78% Efficient. Wood Burning and multi-fuel options available.

Width 414mm 5" Flue Diameter
Height 802mm Height to centre of flue 692mm
Depth 415mm

The Craftsman

Perfect for Garages, Workshops, Sheds, Greenhouses. Pre-heat tube, to get super hot to the centre of the fire and ensure complete combustion. Secondary Air Control Vent to allow the stove burn from the top down. Fuel loading from the top. Two Piece Grate.

Height 700mm
Diameter 375mm Flue 5"

Carraig Beag

8kW output. Airwash and Co Burn Technology. 77% Efficient. Wood Burning and multi-fuel options available. Log box and canopies available.

Width 616mm 6" Flue Diameter
Height 605mm
Depth 382mm

Carraig Mór 20kW Boiler

20kW output 16kW to water 4kW to Room. Heats 12-14 Single Radiators. Automatic Damper. Airwash and Co Burn Technology. 77% Efficient A Energy Rating. Wood Burning and multi-fuel options available. Log box and canopies available.

Width 610mm 6" Flue Diameter
Height 655mm Height to centre of flue 479mm
Depth 450mm

Carraig Mór 12kW

12kW output. Airwash and Co Burn Technology. 76% Efficient A Energy Rating. Wood Burning and multi-fuel options available. Log box and canopies available. Boiler option available for up to 5 single radiators.

Width 450mm 6" Flue Diameter
Height 650mm Height to centre of flue 475mm
Depth 425mm

Carraig Mór 20kW Contemporary Boiler

20kW output 16kW to water 4kW to Room. Heats 12-14 Single Radiators. Automatic Damper. Airwash and Co Burn Technology. 77% Efficient A Energy Rating. Wood Burning and multi-fuel options available.

Width 610mm 6" Flue Diameter
Height 729mm Height to centre of flue 553mm
Depth 450mm

Boru 400F

7kW output using natural convection. 81% Efficient A+ Energy Rating. Airwash and Co Burn Technology. Black Glass Options available. Different heights available. Convection and radiant heat.

5" flue from top

Carraig Mór 25kW Boiler

25kW output 19kW to water 6kW to Room. Heats 14-15 Single Radiators. Hotplates for Cooking. Airwash and Co Burn Technology. 76% Efficient A Energy Rating. Wood Burning and multi-fuel options available.

Width 716mm 6" Flue Diameter
Height 821mm Height to centre of flue 646mm
Depth 510mm

Boru 600F

10kW output. 78% Efficiency Rating. Airwash and CO Burn technology. Black glass and matt finish available. Available on log store or bench.

Different heights available
6" Flue

Carraig Mór 30kW Boiler

30kW output 25kW to water 5kW to Room. Heats up to 18 Single Radiators. Automatic Damper. Airwash and Co Burn Technology. 76% Efficient A Energy Rating. Wood Burning and multi-fuel options available.

Width 716mm 6" Flue Diameter
Height 752mm Height to centre of flue 684mm
Depth 510mm

The Chieftain Inset Boiler

Fits most standard 16" or 18" openings. 17kW output 15kW to water 2kW to room. 75% Efficient A Energy Rating. Airwash and Automatic Damper. Wood burning and multi-fuel options available.

Carraig Mór Contemporary Double Sided

12kW output, Heat 2 rooms with one chimney. Airwash for a cleaner glass. 76% Efficient A Energy Rating. Wood Burning and multi-fuel options available. Highline options available.

Width 616 mm
Depth 490mm
Height 730mm

The 600B

Contemporary style with large glass. 15kW output 11kW to water 4kW to the room. Heats up to 10 single radiators. 76% Efficient A Energy Rating. Airwash. Wood burning and multi-fuel options available.

Width 600mm 6" Flue
Height 550mm
Depth 430mm

600i Double Sided

10kW output using natural convection. 76% Efficient A Energy Rating. Airwash system for cleaner glass. Black Glass Options available. Heat 2 rooms with one stove. 3 and 4 sided trims available.

Width 600mm 6" Flue Diameter
Height 550mm
Depth required 600mm plastered wall to plastered wall

The Ellis Cook Stove

Heats up to 10 single radiators with 5kW to the room. Large glass viewing area. Large ash tray for easy removal and minimum mess. Cool touch handle. Stainless steel oven with two racks. Plate warming compartment.

6" Flue from top.
Smoke diversion system to divert heat to oven or hotplates.
Wood burning and multi-fuel options available.
Non-Boiler option also available.

900i Double Sided

900i Double Sided. 14kW output using forced convection via two fans. Heat two rooms with one stove. Can duct hot air up to 3.5mtrs vertically. Requires power supply. Airwash system for cleaner glass. Black Glass Options available. 3 and 4 sided trims available.

Width 900mm 8" Flue Diameter
Height 550mm
Depth 600mm plastered wall to plastered wall

Carraig Mór Double sided Boiler

18kW output 13kW to the water and 5kW to the room. Heats up to 10 single radiators. Heat 2 rooms with one chimney. Canopy and Log box versions available.

Width 616mm
Depth 765mm
Height 700mm

Carraig Mór Double Sided 12kW

12kW output, Heat 2 rooms with one chimney. Airwash for a cleaner glass. 76% Efficient A Energy Rating. Wood Burning and multi-fuel options available. Canopy and Log box versions available.

Width 616 mm
Depth 490mm
Height 701mm

We are immensely proud of our achievements as a company. We're proud of the fact that we have stayed true to our plan of creating an international brand and product that is manufactured 100% in our factory in Tipperary. In this throw away society it is hard to compete with countries with little or no regard for workers, workers rights or the environment.

All of these things are what drive Boru Stoves forward. Remember when you purchase a Boru Stove you are ensuring a more sustainable future for generations to come. It's also worth remembering that most of the carbon emissions created from non-Irish stove models are created in the transport of them.

Shop local, buy Irish, buy Boru and help sustain a cleaner more prosperous future.
